

Pickleball Skill Levels

If you answer NO to 5 or more questions, you are a NEWBIE and it is best that you play on the beginner court until you can move to the relaxed courts. If you answer YES to 5 or more questions, you are considered an intermediate it is best to play on the relaxed courts. If you answer YES to 10+ questions you are an advanced player. It is best that you play on the regular courts – OR if you play on relaxed courts, you MUST play relaxed. Relaxed play means something similar to a NASCAR driver is coming off the Daytona 500 to take a Sunday drive on the back roads, a Neurosurgeon is coming out of surgery to put a band-aid on a knee scrape...you get the picture – PLAY RELAXED and easy. If you answered YES to all of these questions, it is best you play on the regular courts where you will find more aggressive play. As always, be Christ-like in your attitude.
